3. Analyzed Article Content

"An anonymous international research team has reportedly confirmed that aliens reconstructed the Great Pyramid of Giza overnight using advanced anti-gravity technology. According to unverified online reports, multiple UFOs were seen hovering above Egypt while government agencies allegedly suppressed all evidence. No recognized scientific institution has confirmed these claims, and experts have dism..."

4. Fusion Analysis

The final verdict is a weighted linear combination of the unimodal risk scores (see Section 3), calibrated via Platt scaling fit on the project's labeled demo corpus. Any modality not submitted for this analysis defaults to a neutral 0.5 score rather than being fabricated. The modality with the largest 'Relative Impact' in the table above contributed most to the final classification.

5. Final Decision & Recommendations

This content shows characteristics consistent with misinformation. Before sharing or acting on it: verify the claim against at least one established fact-checking organization or primary source, check whether the accompanying image appears elsewhere in a different context (reverse image search), and treat unattributed claims and emotionally-charged language as a caution signal.
